

Asteria

Following a major refit in 2019, the explorer yacht Asteria combines ocean-crossing capabilities with supreme style and luxury. A full repaint and complete overhaul of her interiors and exteriors, have left her looking and feeling as good as new.

On deck, there's a brand-new built-in lounge area behind the aft-deck dining table, an inviting Jacuzzi on the sundeck and masses of teak, giving a classic nautical feel while offering modern amenities.

Inside, revered architect Charles Zana has done an excellent job of staying true to ASTERIA's traditional roots while bringing her right up to date.

Wood panelling and polished floorboards are punctuated with navy-blue deep-cushioned sofas throughout her interior, while rich marble bathrooms and plenty of natural light from the many windows create a calming ambience.

ASTERIA can accommodate 12 guests in six cabins, including a master suite on the upper deck and five further en-suite guest cabins, comprising four doubles and one twin. Two of the double cabins can also be converted into twins.

She is fitted with Quantum Zero Speed stabilisers, ensuring onboard comfort at all times.
